Mammoth E50 & E70: Reinforced Hydraulic Recovery Winches for High-Performance

2.461,25€

SKU: Mammoth E50 & E70: Reinforced Hydraulic Recovery Winches for High-Performance (#199042)

Link: <https://bezares.com/product/9038525-mammoth-e50-hydraulic-recovery-winch/>

Product Information

Category: WINCHES

MAXIMUM PULL ON 1ST LAYER: 5000 Kg, 7000 Kg

Drum Size: Normal

CLUTCH TYPE: Manual, Pneumatic, Manual (Lever)

OVERCENTER POSITION: Upper, Bottom

Maximum working pressure: 180 bar, 170 bar

MAX. PUMP DELIVERY: continuous: 50 l/min, Intermittent: 60 l/min

MAX. RECOVERY SPEED (OUTER - 1ST LAYER): 21(4), 16(3)

ROPE DIAMETER (MAX. / MIN.): 12, 14

ROPE CAPACITY ON OUTER LAYER: 25m (Ø12), 25m (Ø14)

Weight (Kg): 55, 60

Product Description

Discover the Next Generation of Hydraulic Winches: Introducing the Mammoth E50 and E70 models, the advanced successors to our best-selling BZC series. Designed for unmatched durability and performance, these hydraulic recovery winches set new standards in the industry.

Innovative Features for Enhanced Performance:

- **Two-Stage Planetary Geartrain:** Experience unparalleled efficiency and strength for heavy-duty recovery operations.
- **Birotational Functionality:** Offers versatile operation with the ability to pull from any direction, enhancing the flexibility of use.
- **Overcenter Valve for Superior Load Control:** Maintain precise control over your load for safe and reliable winching, every time.
- **100% Load Hold Disc Brake:** Our disc brake system ensures your load stays secure, providing peace of mind with guaranteed load holding capacity.

Key Upgrades for Maximum Versatility and Durability:

- **TOP-Mounted Clutch:** Allows for diverse mounting options, making it suitable for a wide range of vehicles and applications.
- **Adjustable Polyethylene Cable Tensioner:** Keeps the cable neatly spooled and ready for action, preventing tangling and ensuring smooth operation.
- **Durable Construction:** Features a painted gearbox housing and drum supports, designed to withstand the toughest conditions and ensure long-lasting reliability.

Optional Accessory for Enhanced Utility:

- **Galvanized Cable with Hook:** Upgrade your winching setup with our durable and reliable galvanized cable, complete with a sturdy hook for secure connections.

Elevate Your Recovery Operations: Whether you're involved in off-road adventures, heavy-duty construction, or need reliable recovery solutions, the Mammoth E50 and E70 Hydraulic Recovery Winches are your go-to choice. With their robust design and cutting-edge features, these winches provide the performance, versatility, and durability you need to tackle any challenge.
